EDUCATION

Vishwakarma Institute of Information Technology	2021 - 2025
<i>Information Technology</i>	<i>CGPA - 8.92</i>
Delhi Public School , Bhilai	May 2021
<i>All India Senior Secondary Examination</i>	<i>Percentage - 95.0</i>
Delhi Public School , Bhilai	May 2019
<i>All India Secondary School Examination</i>	<i>Percentage - 95.2</i>

WORK EXPERIENCE

ArmourIQ	June 2024 – Present
<i>Freelance Frontend Developer</i>	<i>Remote, India</i>
<ul style="list-style-type: none">Designed and composed a responsive and intuitive user interface for the company's website using React and Tailwind, ensuring visual appeal and user-friendliness across different devices and browsers.Collaborated closely with the client to finalize the design, implement various changes, and ensure the website met all specifications and expectations. Provided regular updates and incorporated feedback promptly to achieve desired outcomes.Gained valuable experience in client communication, requirement analysis, and project management, contributing to the successful delivery of the project.	

PROJECTS

TripWise - AI Trip Planner
<i>Shadcn UI, Gemini AI, React, Tailwind, Firebase</i>
<ul style="list-style-type: none">Developed a smart itinerary planning application to generate personalized travel schedules based on user inputs such as destination, trip duration, budget, and group size.Delivers budget-specific hotel recommendations and curated daily activity plans, optimizing and enriching the travel experience for users. Integrated Google Authentication for user simplicity. The project is live and deployed on Vercel.

Logo Express
<i>React , Tailwind</i>
<ul style="list-style-type: none">Created an interactive logo maker application that allows users to design and customize logos with various features, including colour options, padding adjustments, rotation, background changes (solid to gradient and vice versa), and icon size modifications.Leveraged features for users to download their customized logos, enhancing user convenience and flexibility. The project is deployed on Vercel, ensuring high performance and reliability.

Matdaan
<i>Node.js, Expressjs, MongoDB , JSON Web Tokens , Rest API</i>
<ul style="list-style-type: none">Engineered a robust and secure voting application utilizing JWT for user authentication and real-time vote count visualization, ensuring data integrity and security.Implemented unique identification number verification for user registration and updates, with distinct user and admin roles for efficient and secure voting and candidate management.

TECHNICAL SKILLS

Languages : C++ , HTML , CSS , Javascript
Frontend : React , Bootstrap , Tailwind , Shadcn UI
Backend : NodeJs , ExpressJS
Tools : Git, Github , VS Code , Postman , Figma
Databases : MongoDB , Firebase , MySQL
Technical skills: Data structures , Algorithms , Operating systems , DBMS , OOPS
Soft skills: Client Communication, Project Management , Leadership , Event Management

ACHIEVEMENTS

- Successfully completed the AWS Academy Cloud Foundations course. [Badge](#)
- Solved around 300 DSA problems on various coding platforms. [Leetcode](#) [GFG](#) [Codechef](#)
